

I don't care I just want you to be healthy

Will our girl have a skin color like mine or yours?

I can't wait for the time of our daughter's birth

Look my bag has burst!!!

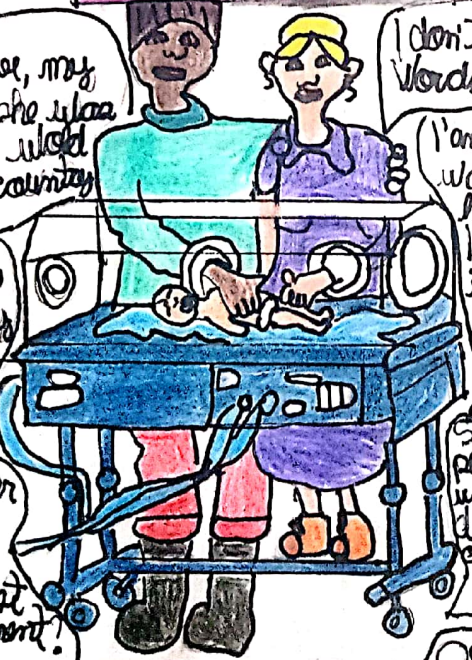

So pack your things quickly for us at the hospital

I'll call our families to break the news

12 hours later I love, my biggest fear was that she was born black because she would suffer a lot in a racist country

I didn't want her to suffer like my family and I did and still do today.

Can I name our daughter Maria Luiza and my mother's name died fighting for the feminist and anti-racist movement!

I don't even have words for that!

I am a standard white woman I have always had privilege and I can't imagine what it is like to have to fight for equity every day.

Society should respect people as they are because we are all the same regardless of ethnicity, sexual orientation, or religion.

Of course yes!!

Hi, Maria Luiza I have some very good news to give you today you will be discharged and when we leave the hospital we will take a walk.
